I apologize, San Jacinto was not on the SCOUT we turned in this week. Currently, the CIC team members put in meetings on the SCOUT unless the site manager (OSC or RPM) does not use a CIC and does their own CIC work. I didn't see San Jacinto in the SCOUT that was submitted this last Monday nor in the one submitted the previous Monday. We can make sure it gets in there for the next submittal early Tuesday. Donn will do the write-up and will get it in on our H drive so it goes into SCOUT as soon as possible.

Note: Tony has let us know that the CICs/CIC Team will no longer be inputting the upcoming meetings into the SCOUT. It will be the responsibility of the project managers for the site (OSC/RPM) to submit through their respective management line. I'm not sure when this is effective; but, the above error is still on us.

Don,

I just put in my travel. I plan on being at the community meeting. I will arrive early to Houston to conduct a site inspection prior to public meeting.
